Procedure Manual

Procedure Subject/Title: Use of Private Stock Vaccine
Applicability: All BVCHC Clinic Sites
Purpose: To ensure that vaccines are utilized for the proper clients.

NOTE: ALL SITES WILL COMPLY WITH THESE PROCEDURES. ALL SITES REPORT THROUGH AN AGENCY COORDINATOR.

Procedure:

1. Private Stock Vaccines are to be used for patients of any age with private insurance that has vaccine coverage or Medicare.
2. Patients 18 years and older and without insurance can use the Private Stock Vaccine if they agree to pay for the cost of the vaccine.
3. Patients should be notified of the cost of the vaccine prior to administering the vaccine.
4. Private vaccine cannot be used for patients that are eligible for Texas Vaccines for Children.
