

Patients can choose to not have notifications sent to their email address, but can still access their Patient Portal.

The patient can click “Unsubscribe” at the bottom of an email notification to stop receiving notifications.

By using the Patient Portal you no longer have to call the office, leave a message, and wait for a response to get the results of your lab work; those results will be available to you on the Portal. We'll also be able to send you appointment confirmations and reminders.

Begin [today](#) to take an active role in managing your health care!

Sincerely,

BVCAA, Inc. Community Health Centers
